Amendment of Section 73.202(b), Table of Allotments, FM Broadcast Stations (Franklin, Louisiana))))	MM Docket No. 96-176 ommunications Commission Office of Secretary

Directed to: Chief, Allocations Branch

MOTION TO DISMISS

Comes now Annette G. Thompson, by her attorneys, and respectfully requests that the Commission immediately dismiss the untimely Comments and Counterproposal of White Castle Broadcasting ("White Castle") filed in the above-captioned proceeding. In support, the following is stated:

- 1. This proceeding was initiated at the request of Mrs. Thompson and instituted by a Notice of Proposed Rule Making (NPRM), DA96-1272, released on August 16, 1996. Any comments were required to be received by the Commission on or before October 7, 1996. Id. at ¶ 5. Copies of such comments were required to be timely served upon undersigned counsel for Mrs. Thompson. Id. Moreover, an original and four copies of any comments were required to be timely filed. Appendix to NPRM at ¶ 5. White Castle failed to meet any of these requirements, and its Comments and Counterproposal must be summarily dismissed.
- 2. Attached hereto (Attachment A) is a copy of the Commission's draft docket card for the proceeding reflecting the White Castle filing, together with a copy of that filing

as received by the Commission's mail room. Both clearly reflect receipt of that filing on October 9, 1996, two (2) days after the date set in the NPRM. Although counsel for White Castle claims that a fax of the White Castle filing was sent to the FCC on October 7, 1996, there is no record of such a document at the FCC. Moreover, it is clear that to be timely, an original and four (4) copies of the filing were required to be received on October 7, 1996. Even counsel for White Castle does not claim he faxed four (4) such additional copies on October 7, 1996.

3. It is also clear that White Castle was required to serve counsel for Mrs. Thompson in a timely manner. Although the Certificate of Service attached to White Castle's filing claims that a copy was mailed to the undersigned on October 7, 1996, Attachment B is a copy of the envelope that accompanied that copy and which clearly reflects that it was not mailed until October 8, 1996, the day after the due date scheduled by the NPRM and specified in the Certificate of Service. For this reason alone, the White Castle filing should be rejected.

¹This activity raises an entirely separate question concerning the falsification of the Certificate of Service by counsel for White Castle, who signed the Certificate. That matter need not be raised here but should be directed to the General Counsel's office for investigation.

Conclusion

For the reasons set forth above, the Comments and Counterproposal of White Castle Broadcasting should be summarily dismissed. Furthermore, since Mrs. Thompson was the only party filing timely, it is requested that the allotment of Channel 295C3 at Franklin, Louisiana be granted.

Respectfully submitted,

ANNETTE G. THOMPSO

COMMENTS AND COUNTERPROPOSAL OF WHITE CASTLE BROADCASTING

White Castle Broadcasting (hereinafter "WCB"), through counsel, hereby submits its comments and counterproposal in the above-captioned rule making proceeding. It is counterproposed that FM Channel 295A be allotted to White Castle, Louisiana as its first local FM broadcast service. In support whereof the following is shown:

- 1. The petitioner in this proceeding, Annette G. Thompson, has sought the allocation of Channel 295C3 to Franklin, Louisiana as a second local FM broadcast service. Channel 288A is presently allocated to Franklin, Louisiana. Station KFMV(FM) is presently authorized for operation on that frequency.
- 2. WCB counterproposes the use of Channel of Channel 295A to White Castle as a first local FM service. Exhibit 1 is a channel spacing study which shows that Channel 295A may be allocated to White Castle with a site restriction of seven kilometers to the

south of the community. Exhibit 2 shows that from this location a Class A facility operating with maximum facilities would easily place a 70 dBu service contour completely over the community of White Castle.

- 3. White Castle, an incorporated community in Irberville Parish, had a 1990 population of 2,102 persons. If Channel 295A were allotted to White Castle it would represent the first commercial FM allotment in Irberville Parish which had a 1990 population of 31,049 persons.
- 4. Since the allotment of Channel 295A to White Castle would provide a first local FM service, this counterproposal would create a higher allotment priority than the petitioners request for a second local FM service to Franklin.
- 5. Should the Commission allot Channel 295A to White Castle, WCB will file an application seeking a construction permit to build the new station. If granted the construction permit, WCB will immediately construct the new facility.
- 6. In sum, it is requested that the Commission make the following change in the Table of FM Allotments:

ALLOTMENTS

COMMUNITY	EXISTING	PROPOSED
White Castle, LA	None	295A

WHEREFORE, White Castle Broadcasting respectfully requests that the Commission allot Channel 295A as a first FM service to White Castle, Louisiana.

Respectfully submitted,
